POST OFFICE NOTIFICATIONS.

We understand that 114 Chinese left here on Tuesday last by the *Brisbane*, for Melbourne, notwithstanding the fact that they were stopped by Mr. Pickering, the Protector of Aborigines, before their departure, of the annoyances and difficulties with which, most probably, their appearance in Australia, would be attended.

Latest Mail Advice.—Yokohama (via San Francisco) May 23, Shanghai May 13, Foochow May 15, Hongkong May 19. The P. & O. mail, with advice dated as above, from China and the Straits Settlements, reached London, via India, on the 2nd inst., its due date. There are no later Japan advices than those which were received per Pacific Mail Company's steamer *City of Peking*, via San Francisco, on the 27th ult. The next inward French mail, from Yokohama, 18th, Shanghai 20th, Hongkong 28th May, Singapore June 3rd, has been lost in the wreck of the Messageries Maritimes steamer *Meikong*, and there will consequently be no further mail delivery until that of the P. & O. mail, due on the 16th inst.

The Queen has approved of Mr. Eduardo Toda as Vice-Consul at Hongkong for the Kingdom of Spain.

The Manchester City Council has sanctioned a proposal of the Waterworks Committee for the purchase of Tithmarsh, one of the Cumberland Lakes, and the conveyance of water from it to Manchester by an aqueduct 100 miles long. The works will occupy seven years in execution. The first instalment will cost £1,700,000, for which sum fifty million gallons of water per day will be impounded.

In addressing the grand jury at the Hampshire Assizes Lord Coleridge said nearly all the cases were in consequence of disturbances begun in public-houses, or actually committed there. His short experience on the Bench convinced him of the truth of what had been said by other judges, that if England were made sober, nearly all the jails might be closed.

An insect, supposed by some to be the Colorado beetle, has made its appearance at Prestwick, and has caused considerable havoc. In some gardens the rose bushes have been entirely stripped of their foliage.

Vice-Admiral Charles F. Hillyar, C.B., has been selected to succeed Vice-Admiral A. P. Ryder as Commander-in-Chief in China. Vice-Admiral Hillyar will take his departure for China early in September.

It has been decided to re-commission the *Vigilant*, 2, despatch vessel, Commander Ryder, for further service on the China station. As the ship was commissioned at Portsmouth in September, 1874, and her boilers are known to be in a bad condition, new ones will be sent out to her.

Commander Robert S. Hunt (1832) has been appointed to the command of the *Thistle*, on the China station, vice Commander E. B. Fayer, who has been invalided.

Deputy Commissioner Geo. Arber, who lately served in the Ordnance Department at Hongkong, left for Jamaica, in the Royal Mail Steamship *Dora*, on the 2nd July, on a fresh tour of foreign service.

On the 2nd inst. the Chinese Envoy paid a visit to the well-known works of Messrs. Ransomes, Sims and Head, and Messrs. Ransomes and Rapier at the above place. The event went off in every respect in a successful manner, and will doubtless tend to give the Excellencies a very favourable impression of foreign engineering appliances.

It may be interesting to note that Messrs. Ransomes and Rapier supply the plant, machinery, &c., for the Woonung Railway. They sent out the "Pioneer," the first locomotive engine in China, and also the "Celestial Empire," and the "Flowery Land," and a fourth engine, called the "Vice Roy," was despatched by them to China about a month ago.

Hamburg, July 3rd.—The life on the river-side during the last week has been very active, and arrivals as well as departures were satisfactory. From the Far East reached our harbour the *Ostera*, s.s., *Tension*, *Europa*, *Hansen*, and *Udine*, all three from Rangoon, and *Augusta*, *Buch*, *Humboldt*, *Buech*, is to be named, which vessel sailed for Queensland with some 400 German labourers. At Bremen, arrived, *Gr. F. Haendel*, *Sanders* van Bassen, and *Deutscher*, *Rickmers*, *Gennrich*, and *Allice Rickmers*, Meyer, both from Rangoon. On the berth are at Hamburg for the East, *Egeria*, s.s., for Penang, Singapore, &c., to leave August 8. *Louis* and *Georgine*, Josau, for Singapore via Penang, ready to sail; *Conrad Hinrich*, Schuler, for Singapore; *Palma*, Binge, for Bangkok; *Walter Siegfried*, Stolp, for Manila; *Niagara*, Wihhosen; *India*, Dirken, and *Andreas*, Peters, all three for Hong Kong. Freighters are still low and cargo scarce; vessels on the berth therefore all have very long laying days.

The death of Captain Dunlop, late of the China trade, at the advanced age of seventy-seven is announced. In 1857, when the China ports were opened, he commenced running there, and brought the first cargo of tea from China to Glasgow in the *John Brown*. He subsequently commanded the *Cyprip*, and *Investigator*, in the China trade till 1851, when he left the sea and obtained the appointment of shipping-master to the *Salter's Home*, London, under the Board of Trade.

The *London Castle* arrived in dock on the 3rd inst., and a few sales were made that day at 1s. 2d. and 2s. 8d. About 12,000 packages have been offered at public auction and prices at the first sale were on the whole better than was expected, as compared with those obtainable by private contract. This is accounted for by the unwillingness of the trade to commit themselves with the knowledge that there are heavy supplies close at hand. At the auction yesterday prices were much lower, being about 2d. under those of the previous day. One parcel was sold at Wednesday's sale, at 1s. 6d., and its counterpart on Thursday (yesterday) fetched only 1s. 2d. The reception of the *Tea* was upon the whole by no means eager notwithstanding the comparatively moderate range of values. The opinion expressed as to the quality in China is fully confirmed on this side. The outturn has been very varied, and the profits on some parcels have been counterbalanced by losses upon others.

The Eastern Extension, Australasia, and China Telegraph Company announce an interim dividend for the quarter ending March 31 last of 2s. 6d. per share, being at the rate of 5 per cent. per annum.

We are glad to notice that the project of Captain Spry for the opening of trade in Western China has again come to the front. A special meeting was held in London last week, at the office of the Association of Chambers of Commerce of the United Kingdom, to consider the present incomplete position of the well-known survey of the

above land route for trade with China from Rangoon. The meeting was presided over by the able President of the Association, Mr. Sampson Lloyd, M.P., and was specially attended, on invitation, by Mr. W. R. High, of Huddersfield Chamber; Mr. Thomas Ormerod, of Halifax Chamber; and Captain Spry. After full discussion, a plan for action, in co-operation with individual Chambers, further to press the completion of the survey on the favourable consideration of Her Majesty's Government, was adopted; and with its cordial acknowledgments to the President for the readiness he expressed to render such Parliamentary assistance as should be in his power, the meeting separated.

#### INQUEST.

An Inquest was held this afternoon (10th) at the Government Civil Hospital, by Mr. J. Russell, Coroner, with Messrs John Noble, J. Hartmann and J. B. Gomez, Jr., as Jury, on the body of a Chinese male adult, who was found drowned in the harbour yesterday by the Police near the Harbour Master's office.

The Coroner said the Jury might have read a paragraph in the *Daily Press* this morning, in which all details were given, and if they were put in proper form, they might have been spared the trouble of holding this enquiry. But these particulars were not known to the Police, and he did not know where the reporter of the *Daily Press* obtained them from. The Coroner had enquired of the Inspector, who said that he had not heard of the story, nor could he find anything of it. All they knew was that the body was found floating in the harbour at the Harbour Master's wharf, with a rope around its neck.

The doctor had examined the body and could not find any sign of strangulation, so they had to find out how the rope came to be fastened to the man's neck.

P. C. No. 35, John Somerville, stated that he found the body at the Harbour Wharf at 11.30 a.m. He found the neck attached with a rope to one of the bamboos; it was not taut, but had a swing of about 3 feet; one hand was also tied to another bamboo. The head was below water, but the feet were above the upper part of the body.

He saw no marks on the neck. He saw no marks of violence, except a cut on the arm caused by its being bumped against the bamboo. The jacket and trousers were round the neck. He had made all enquiries about the deceased but could not learn anything. The right hand of the deceased was clenched firmly to one of the bamboos and witness had to remove it with force.

Look Sing Choong, P. C. 170, stated that he heard at 3.30 p.m. on 8th ult. of "alay, alay" in the water, at the front of the old Pacific Mail Wharf. Witness was on duty at the Harbour Master's Office, and went to the spot and examined the place with a lamp but could not find anything. He thought the cries came from the shore side, but it appeared that he had reported to P. C. No. 2 that a man had fallen into the water.

Dr. Wharry was examined. He examined the body and found a bruise on the upper right arm. There were no marks about the neck, and there was nothing to show strangulation. The cause of death was probably drowning.

P. C. No. 2, Wm. Dickens, stated that at about 8.10 p.m., P. C. 170 reported to him that a man had fallen into the water at the Harbour Master's Wharf. Witness went from his beat at Gibbs' Wharf. He found a lot of Chinamen standing close to the Harbour Master's Wharf, but he could not see properly, owing to his lamp shining badly.

The Coroner asked how was this. Witness replied that he did not know; it burned well enough when he went out, but it got dim so that it would hardly shine even on the water. He could not get it trimmed, because he could not leave the wharf while on duty.

Continued:—He went to the spot and made a search. He saw what appeared to be the head of a Chinaman in the water, but he saw nothing on making a more minute search in the water. A Chinaman had a rope in his hand, and it appeared to him that the man was trying to save the supposed man who was in the water. The man hauled in the rope again, not having succeeded in rescuing the man. The Coroner made a report at the Central Station when he came off duty.

Sergeant Flynn was next called. He saw Dickens and P. C. 170 walking on the wharf, and asked them what was the matter. He was told that a man was said to have fallen into the water at the Harbour Master's Office wharf. Witness went and made enquiries. He could not see anything of a body, but he was told by the Chinese around that two women who had been fishing had said that a man had fallen into the water.

The enquiry was then adjourned till Monday, at 3.30 p.m.

#### Police Intelligence.

(Before the Hon. C. May.)  
August 10, 1877.

**DRUNKENNESS.**  
John Parry, seaman British ship *Harbinger*, was charged with being drunk at Wellington Street. Fined 50 cents and to pay 10 cents chair-hire.

**A DESERTER.**  
John Miller, seaman on board the American ship *A. S. Davis*, was apprehended for having deserted from his ship. He was encountered by P. C. J. Edwards, No. 78, at East Street, and appeared desirous to avoid the policeman. He was therefore taken into custody, when it was ascertained that he was a deserter from the *A. S. Davis*. He was ordered to be conveyed on board by the Police.

**AN OLD OFFENDER.**  
Wong Aloi, a coolie, was caught stealing two bundles of firewood from a shop. He had been no less than five times convicted before. Two months' hard labour.

**A LYING CONSTABLE.**  
Tang Alook, a hawker, was charged with obstruction. P. C. No. 678, Gamma Khan, stated that the defendant was a hawker of cakes and obstructed the sea front of the Central Market. He told him to go away, but he would not and took hold of him by the coat. The defendant frequently obstructed the pathway under the verandah.

The defendant stated that he went to a public latrine, leaving a young boy 12 years of age in charge of the stall. When he came out he saw that some of his cakes were in the side channel (produced cakes dirty and wet). He spoke to the Con-

stable, saying that he was poor and that he had spoiled his cakes. The Constable then took him into custody. A money-changer saw this, and he wished him to be sent for. When he arrived he said he saw the defendant hawking cakes in front of his shop. He did not notice what followed, but the next day he saw that a little boy was trying to carry away the cakes. The Constable struck heavy for him, and knocked some cakes down. The Constable produced another Constable, No. 604, Ochoor Singh, to support his story, but he failed to do so.—The hawker was discharged, and P. C. 678 was fined \$5.

#### ALLEGED BEATING A GIRL TO DEATH.

Leong Alai, a woman, was again brought up to answer the charge of causing the death of a girl by flogging her, and was further remanded till Monday next, the inquest not having been closed.

Later in the day Mr. Ng Choy appeared to apply for bail, but it was refused. The Magistrate, however, said that he would be within reach at any time to-morrow to listen to an application for bail after the Coroner's Inquest should be closed.

#### Canton.

9th August, 1877, 10 p.m.  
Referring to my note of yesterday morning, I have to report a gradual but very slow relaxation of the extreme tension of the atmosphere of the 7th, corresponding with the gradual rise to the culminating point on that day from the normal condition when the wind changed to the North on the 4th inst. Thus, the Barometer has only ranged from 29.38 to 29.48; the Thermometer from 88 to 93; the wind veering from North to North-East until this p.m. it changed to East and E.S.E. accompanied by continuous rain last night with rather a fresh breeze in squalls and to-day the same at intervals of increasing duration.

#### NEWS BY THE ENGLISH MAIL.

The P. & O. Co.'s steamer *Peshawar*, Captain C. A. White, with the London Mail of the 6th July, arrived this forenoon:—

London, July 30.—A letter from the Sheikh Uli-ul-Islam is being read in the Mosques, exhorting all Mussulmans to abstain from hostile actions towards the Christian populations.

London, Aug. 2.—After two days' desperate fighting near Plevna, the Russian troops have been completely defeated, with a loss of 8,000 killed, and 24,000 wounded. The Austro-Hungarian Government has decided to partially mobilise.

London, July 22.—The troop-ships *Orcadella*, *Malabar*, and *Euphrates* have been ordered to be got ready for sea on Wednesday.

The Russians have left Nicopolis to besiege Widdin. They have taken Kaesaniik and are advancing on Philippopolis. The Sultan of Turkey has called out all capable of bearing arms in the province of Adrianople.

London, July 22.—A formidable strike has taken place in the United States of the employees on the Erie, Pennsylvania, Baltimore, and Ohio railroads, against a reduction of wages. The traffic was stopped, and in various places the military have been called out and had to disperse the rioters. Guard trains with military leaving Baltimore being mobbed, the army firing on the rioters, killing ten and wounding thirty.

The rioters burnt the station. Osman Pasha's army has repulsed the Russian attack on Plevna, with heavy loss on the part of the Russians.

London, July 22.—The strike in America is extending. In a serious riot at Pittsburgh, the militia shot 20 of the rioters and wounded 29.

The Grand Duke Alexander is besieging Rastchuk. The Turkish camp at Yenissaghar has been captured. A Russian official account states that the Russians have occupied the Schipka Pass, and that the Turks have retreated in disorder.

A despatch from Ahmed Mukhtar Pasha, from Kars, dated the 19th inst., states that the Russians had attacked the right wing, but were defeated with heavy loss and compelled to fall back.

London, July 23.—The *Euphrates* sails on Thursday with 1,500 men. Four other troopships follow with a larger number, destined for Malta and Gibraltar, and it is believed, eventually for Gallipoli. The London papers generally approve of the steps taken by the Government.

A Russian official despatch states that the Russians, after severe fighting, have occupied Lovatz (a small town in Bulgaria) about twenty miles south of Plevna. Severe fighting, with heavy loss to the Russians, preceded the taking of the Schipka Pass. The Russians in the Dobruza are marching to besiege Silistria. 18,000 men of Suleiman Pasha's army are marching towards Jambol (close to Yenissaghar), on the southern shore of the Balkans, which the Russians occupied a few days since, and about fifty miles due north of Adrianople.

The Russians have left Kurukdagh, and are concentrating on Zaim.

Desperate fighting took place at Pittsburg on Saturday; the militia were defeated by the rioters, who held the town with arms and cannon. The Sheriff of Pittsburg has been killed in the disturbances. Incendiary fires, causing great destruction of property, have occurred. The United States troops are on their way to the place.

London, July 24.—Lord Derby in the House of Lords and Sir Stafford Northcote in the House of Commons have said, that the Mediterranean garibonians being below their full complement, in the present disturbed and uncertain condition of Europe, it was deemed desirable to strengthen them by 8,000 men. This was the sole foundation for the newspaper reports on the subject.

After severe fighting the Russian troops at Zaim appear to have fallen back upon Gumul.

The Russians are supplying arms to the Bulgarians. The *Morning Post* publishes a statement from the leading newspaper specialists certifying to this atrocious conduct by the Russians in Bulgaria upon the Mohammedan population.

London, July 24.—Melmet Ali and Suleiman Pasha have assumed their respective new commands. The Turks are more active.

There have been heavy skirmishes in the vicinity of Silistria, Yarna, and Schumla. The Russian have invested Rastchuk. The traffic is interrupted on the railway between Adrianople and Philippopolis.

There are vague rumours of a Russo-Italian alliance. The Russian press allege that if the squadron (the British ironclad *Invincible*) enters the Dardanelles, it will encounter the Italian squadron. The Montenegrins are again besieging Nikolska.

London, July 25.—An official despatch to the Turkish representatives abroad accuses the Russians of burning villages, and of wholesale massacres of the Mohammedans in Bulgaria. The Russian defeat at Plevna is confirmed. The Russians have fortified the Schipka Pass, and are strongly entrenched at Kaskaghar. Suleiman Pasha has arrived at Adrianople with 20,000 men. A martial law has been ordered to be held on Abdul Kerim and Redif Pasha. The Montenegrins are capturing the forts in the Duga Pass.

A Russian official report states that an insurrectionary movement is extending in the province of Ter (a province on the north of the Caucasus mountains). The Russians at Daghestan have been reinforced.

The strike in America is extending to New York and westwards; various trades joining the strikers.

Ceylon, July 25.—The accounts in latest Indian papers (20th July), show that neither in Bombay nor in Madras has the famine appreciably abated, while the prospects of rain and crops are not all that could be desired. By the latest accounts, rice exports from Burmah seemed to have ceased, while supplies were limited and prices high in Calcutta. Prices in the local market are fluctuating, but the tendency is upwards, and that tendency we fear will increase. Indeed the doubt seems to be whether enough rice can be obtained to feed coolies on estates, and we admired the foresight of a planter, who told us he had arranged to cultivate extensively a large species of cabbage which had proved a good seed on a previous season of scarcity.

London, July 26.—The obstructive tactics of a few Irish members of the House of Commons, culminated yesterday in a tumultuous and unprecedented scene. Mr. Parnell was ordered to leave the House, and is suspended till Friday, when Sir Stafford Northcote will submit a formal motion to alter the rules to facilitate business.

A Russian official despatch admits the Russians having unsuccessfully attacked Plevna, on the 20th, when they were defeated and compelled to fall back, with 103 killed and wounded. The Turkish Army corps concentrated on Plevna, threatens Russian communications. A great battle is imminent.

Aden, July 25.—The *Assam* with the outward mails of the 13th sailed for Bombay at 7 o'clock this evening.

London, July 26.—Suleiman Pasha has reached Karabunar. A detachment of the Russian troops is in the vicinity, and a battle is believed to be imminent. According to the unofficial Turkish accounts, the Russian assault on Silistria, on the 28th, was repulsed.

The Russians have evacuated the district of Bayazid. The Porte has stopped the pension to the Afghan pretender living at Pera.

**JUDICIAL COMMITTEE OF THE PRIVY COUNCIL.—APPEAL CASE.**

BENECKE, SOUCHAY AND CO. (APPELLANTS) v. WHITTALL AND OTHERS, TRUSTEES OF THE ESTATE OF AUGUSTINE HEARD AND CO. (RESPONDENTS).

This was an appeal against a decree of the Supreme Court at Hongkong, dated 16th February, 1876, and made in a suit in which the above-named appellants were defendants. The suit was instituted by the trustees of Augustine Heard & Co. (the respondents), in virtue of a deed of assignment expressed to be made and entered into by and between the members of the firm of Augustine Heard & Co. and their creditors, dated 19th April, 1875, and under provisions of the Hongkong Bankruptcy Ordinance of 18 4, and the object of the suit was to have certain mortgages, eight in number, given to the appellants (Benecke and Co.) by Augustine Heard and Co. set aside for the benefit of the creditors under the trust deed. The decree of the Supreme Court in Hongkong set aside the mortgages given to the appellants, and against this judgment the present appeal was instituted. The judgment of the Privy Council was delivered by Sir R. Collier on the 30th ult., and was to the effect that the requirements of Section 163 of the Hongkong Ordinance not having been complied with, the deed for the benefit of the creditors under which the trustees of Heard and Co. claimed was only receivable in evidence under Section 165 of the same ordinance, and that the trustees had not the rights of an assignee in bankruptcy, Section 167 of the ordinance only applying to deeds registered under Section 162. Their Lordships also intimated that, even without this, the mortgages would probably have been found to be unimpeachable as having been given in pursuance of an antecedent obligation to give security.

The decree of the Supreme Court in Hongkong was therefore reversed, and the appeal allowed with costs.

#### COMMERCIAL.

August 10.  
The market for Bengal Opium, during the closing fortnight, has been governed entirely by the ruling of the rate of exchange. With a decline in exchange holders of drug raised their terms; and the native dealers, though taken by surprise by such a state of things, had to supply their wants. The extent of business during the interval has been very fair under the circumstances, though latterly the market has been characterised by a perfect lull. It may be safely assumed that the present high rates for drug, upon such an uncertain basis as the fall in exchange, cannot stimulate business, and the native dealers are not waiting in showbread to shape their course as circumstances require. The rate for Opium is \$590 for New Fatna and \$777 for New Benares.

The rate for Old Fatna has also advanced to the present figure of \$590, but only a very small quantity has been taken for local requirements at much lower rates.

The receipts for the month, so far, are 2,638 chests, against 3,945 chests to the corresponding date last year. During the fortnight some 800 chests have been taken by the local consumers, against 800 chests to the corresponding fortnight last year. This, with the exportation, leaves a stock computed at 2,800 chests, against 2,200 chests same time last year. Of this last

quantity 800 chests were Benares, of which kind the present stock consists of 600 chests.

Messrs. HEINEMANN & Co.'s Freight Circular for the Mail of Saturday, 11th August, says:—

There is no improvement to notice in the Freight market since the date of 1st Report, arrivals have been large, and freight generally are lower with little demand.

Homewards, a few settlements are reported for New York at very low rates, about 21 lbs. per ton of 40 feet, but there is nothing doing for London. One charter has been effected for the Philippines, but there is no further demand, and latest advice do not point to any speedy improvement. From Java and Japan there is no inquiry.

Coastwise, everything is very dull. For the Northern Ports low rates have been accepted, but the market appears to be supplied for the present. From Bangkok to this 23 to 25 cents per picul is offered, while from Saigon to this not an offer is obtainable, and during the fortnight no charter of a steamer for this port is reported.

The British bark *Bon Accord*, 398 tons, and *George Croshaw*, 658 tons, have taken the berth for London, the rate for the former being 22 5s., and for the latter 22 per ton of 40 feet. The American ship *Edwin*, 956 tons, has gone on the berth for Portland, Oregon.

The British bark *Spinaway*, 325 tons, and *Alce Mary*, 361 tons, will load at Foochow for the Colonies under charters effected elsewhere. The British ship *Taiyang*, 815 tons, proceeds to Shanghai, to load there for New York. The British ship *Commissary*, 899 tons, proceeds to Batavia under orders from home.

The Norwegian ship *John*, 885 tons, cleared for Bangkok, the German bark *Bertha*, 442 tons, for Ohefoo, the American ship *Nimbus*, 1,300 tons, for Guam, the American bark *Fred P. Litchfield*, 1,082 tons, for Vancouver's Island, and the Russian ship *Kalya*, 690 tons, for Bangkok, all "seeking."

The Spanish steamer *Albay*, 466 tons, has been sold privately for about \$50,000. The disengaged tonnage in port amounts to 61 vessels, registering 39,418 tons.
